## Recap: Mondale Award and Scholarship Gala 2020

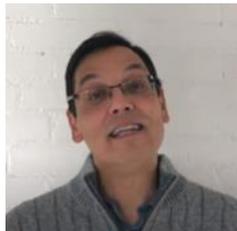

Ambassador Mondale awarding the Mondale Award 2020 (left) and the recipient, William Deef (right)

As we reach ever closer to the end of this unfathomable year, we celebrated one of JASM's biggest annual events. On the evening of November 13th, JASM held its 23<sup>rd</sup> annual Mondale Award and Scholarship Gala. Of course, due to the current pandemic, the gala was not held at the usual Oak Ridge Country Club in Hopkins but was instead live-streamed.

Consul-General Kenichi Okada

Honorary Consul-General of Japan Ron Leonhardt

The night began with introductory remarks by Clint Connor, Dorsey & Whitney partner and JASM board member. He emphasized the importance of creating cross-cultural connections, then introduced the second speaker, Ron Leonhardt. Ron is the new Honorary Consul of Japan in Minnesota. Consul-General of Japan in Chicago Kenichi Okada was next to give his greetings.

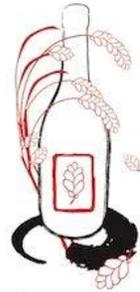

Ms. Noriko Sanefuji

Our keynote speaker for this gala was museum specialist Noriko Sanefuji of Smithsonian's National Museum of American History. Ms. Sanefuji strongly expressed the desire to be with us in Minnesota, preferring to use Doraemon's "anywhere door" to be here if it were possible. Her keynote address highlighted Asian-American communities, and she proclaimed that American history belongs to everyone. She noted that

many Asian-American communities across the U.S. have held webinars, history town halls, or online panels in 2020 – not to elicit fear or grief, but to help us heal and move forward – connecting the past to the present. Ms. Sanefuji also presented a video about Japanese-American incarceration during World War II and an exhibition that featured some of the art and artifacts from the internment camps.

## Upcoming: Sake Tasting and Ceramic Talk: Thinking Outside the Bottle

Sake Story

# Mia

Minneapolis Institute of Art

Please join our event, *Sake Tasting and Ceramic Talk: Thinking outside the Bottle*, Thursday, December 3 at 6 pm, which will be our second sake tasting experience. This time the event features sake expert Chris Griese from Sake Story, and art historian Dr. Andreas Marks, the Head of the Japanese and Korean Art Department at Mia (Minneapolis Institute of Art).

Chris Griese will discuss three sake selected for this event. Dr. Marks will showcase ceramic sake cups and will describe how they enhance the tasting experience. You can take part in the sake tasting if you purchase the selected sake from Surdyk's, one of our corporate members. You'll be able to taste the flavors and learn all about the sake selections from the comfort of your home. *Please note: this event is for guests 21 years of age or older.*

Dr. Andreas Marks shares these pre-tasting comments: "A beautiful, well-designed cup enhances the experience and pleasure of drinking. Sake is traditionally sipped from guinomi, small cups that demand frequent refilling. Masterpieces in miniature, these little cups condense the skill, technique, and personal style of a potter. Today, artists are free to innovate and push the limits of form, while others uphold tradition." Thursday's presentation will introduce guinomi made of stoneware or porcelain by nine living artists, including Fukami Sueharu, internationally renowned for his abstract sculptures, as well as Fukumoto Fuku, one of the leading women ceramicists today.

## Message from Executive Director Rio Saito

*Rio Saito*

*JASM Executive Director*

Hello, friends and family of Japan America Society of Minnesota,

I hope you are safe and well. We are coming to the end of a very difficult year that we are still enduring, but I would like to use this opportunity to thank everyone who has still stayed and supported JASM.

When pandemic started in March, we were just scared and confused, and not sure of what we were supposed to

do. When the murder of George Floyd happened a few months after, we really looked at ourselves and said, "we need to do something for the community." We took our role as "a bridge" to connect people and culture more seriously than ever this year. We have never been prouder and more privileged to be able to serve you and build community with you.

In eight months, we held 21 online events from a Japanese-only COVID-19 lecture, to a Sake and the art of ceramics combined lecture, with hope that we can be a place for people to connect in this difficult time. Thank you to all the presenters who gave us lessons and lectures to keep us educated and moving together. We also made one post a day on various social network services to show that we are still here and functioning because of your support.

Even though it has been a strange and difficult year for all of us, it also has shown us how much we are well-supported by our members. The number of the membership renewals and new memberships is higher than ever, and many of you also made generous donations when renewing or registering for events. For our virtual Mondale Award and Scholarship Gala, so many of you gave to support scholarships and JASM's operations. We are overwhelmed with joy. We feel that all the work we put in together paid off well. Also, I cannot forget to thank all the volunteers who have been helping us with JASM office operations.

The JASM staff also would like to thank the most supportive board in the world. When I was feeling lost, the board members were there to reach out, and offered their help. To be able to feel that we are not in this alone kept us going, and we know we can keep going as a community organization with that continuing support.

My first year as the new Executive Director, I had to learn a lot. My second year came with the pandemic and social anguish and we had to improvise and invent things. And both years have been great with some growing pains, and I am grateful. I do not know what my third year will bring, but I am not too worried because of the great support of JASM members, volunteers, and board members. Please continue to be a part of this organization and let people know that because of you, we have an organization like Japan America Society of Minnesota, still here and thriving.

*Rio Saito, JASM Executive Director*

## Congratulations to Ron Leonhardt, Newly Appointed Honorary Consul of Japan in Minneapolis

*Honorary Consul of Japan  
Ron Leonhardt*

On August 1st, 2020, the Government of Japan appointed Mr. Ron Leonhardt, a former Japan America Society of Minnesota Board Member, as the new Honorary Consul General of Japan in Minneapolis.

As a JASM board member Mr. Leonhardt served as: a judge of the annual J-Quiz, the competition for high school students in their knowledge of Japanese language and culture; was on the committee for the Annual

Mondale Award and Scholarship Gala; and hosted artists from Japan to introduce them to Minneapolis and its culture. Furthermore, he supported the JASM office as our HR person. He was instrumental in identifying and assigning the critical responsibilities of each JASM team member.

Mr. Leonhardt was born to a German Japanese father and Portuguese mother in Kobe, Japan in 1966. He and his older sister are considered second generation foreigners, born and raised in Japan. After graduating from the American High School, he attended Georgetown University. He worked for Fuji Bank in New York for three years as a young professional. Then he completed a graduate degree in international business at Columbia University. He is the Director of HR for Zinpro Corporation and served on the JASM Board of Directors for a total of 18 years.

Mr. Leonhardt will undoubtedly continue to serve the communities of Minnesota and Japan very well as the newly appointed Honorary Consul of Japan in Minneapolis. Please join us in our excitement in congratulating Mr. Ron Leonhardt for this appointment.

## Recap: Mondale Award and Scholarship Gala 2020 continued...

After Ms. Sanefuji's keynote address, Clint Connor introduced Ambassador Walter Mondale for the presentation of the Mondale Award (named for Ambassador Mondale and his wife, Joan). This year, the Mondale Award was awarded by Ambassador Mondale himself to William Deef for his hard work and dedication in bringing Minnesota and Japan closer together through tourism and destination marketing.

The presentation of the Mondale Award was followed by the first half of the live auction and fundraising. This year, we had the pleasure being led by Liz Weatherhead of Kurt Johnson Auctioneering for this important part of the program. Next, JASM President Elizabeth Fehrmann awarded the 2020 Mondale Scholarship to this year's two recipients, Claire Restad and Lydia Rose. We also watched a video to hear about some of the

*Samantha Vang, Minnesota State Representative, District 40B (left) and Rio Saito, JASM Executive Director (right)*

experiences all four 2019 Mondale Scholarship recipients had in Japan. We even got to hear how one past Mondale Scholar, Samantha Vang, has used her experience abroad to grow and recently, to become a Minnesota State Representative in District 40B. Ms. Vang expressed her gratitude to JASM for allowing her to have such a meaningful experience abroad. Liz Weatherhead then led the second half of fundraising,

specifically to fund the Mondale Scholarship.

The program then shifted to sponsorship appreciation/remarks by JASM Executive Director Rio Saito and then to closing remarks by JASM President Elizabeth Fehrmann. As viewers may have noticed during the broadcast, we experienced a technical malfunction and were not able to proceed with Mr. Don Katagiri performing *tejime*, a special clapping tradition, for the closing ceremony. We sincerely apologize to Mr. Katagiri and all of the attendees. The link to the intended *tejime* by Mr. Katagiri is posted here: <https://youtu.be/N9hfOnFCCCA> Don't miss it! It is very special.

We would like to give special thanks to the following sponsors of this year's gala:

We are incredibly thankful for all of the contributions and unwavering dedication to JASM and our associated events, especially this past year. It is thanks to all of you that JASM is able fund scholars, put on events, and succeed in hosting this gala every year. We most definitely look forward to another fantastic year with all of you.

## New Intern: Abbie Scheunemann

Abbie Scheunemann

Hello! My name is Abbie Scheunemann, and I have just begun working as an event coordinator intern for JASM. I am very excited to begin working with such a wonderful organization. I recently graduated with a double major in International Studies and Teaching English to Speakers of other Languages (TESOL) from the University of Wisconsin-River Falls in May of 2020. My plans for after graduation, like

many other graduates this year, drastically changed because of the coronavirus. In the summer of 2020, I was supposed to move to South Korea to teach English; however, this opportunity has been postponed until conditions improve globally. When I received this news, I began to search for local opportunities where I would still be able to interact with the international community. Very quickly, I found a job teaching English online and love it! Shortly after starting my job, I came across this internship opportunity at JASM and wanted to learn from and contribute to an amazing organization to help promote Japanese culture here in Minnesota.

Since high school, I have been intrigued by Japanese cinematography, language, and other cultural aspects of Japan and southeast Asia. In my spare time, you can find me trying to cook various Japanese dishes, but usually I just end up making something simple like *omurice*. In college, I became friends with many international students from Japan who taught me a lot about Japanese history and what life is like in Japan. I am very excited to begin my time here at JASM and want to thank JASM for giving me this wonderful opportunity!

## Tom Haeg's Book Review

*Every Color of Light: A Book about the Sky*; Hiroshi Osada, Enchanted Lion, 2020; 38 pages.

This holiday season if you scamper around the mall (or surf the internet) searching for the perfect gift for a child, you will be wise to keep your choices simple, useful, and entertaining. No batteries, no assembly, 'one size fits all.' Here is a suggestion: *Every Color of Light*.

This 38-page Japanese children's book, translated by David Boyd with artwork by Ryoji Arai, is a delightful kaleidoscope of imagery from the course of a day, sure to ignite any child's (or adult's) imagination. Example: "Look, it is raining/ Pitter-patter, pitter-patter/The rain gets louder. /Wetter and wetter, the blues darken. /So do the greens." The text and colorful illustrations will remind you of a nostalgic hike through a bucolic Japanese forest. Osada's subliminal aim is to jump-start a child reader to experience a heightened sense of awareness of nature. And the book delivers. Sun streaming through porous clouds; water ponds glimmering with light; palettes awash with color. Our author wants the child to engage all senses: tactile, seeing, smelling, or hearing, to appreciate everything nature offers without holding back.

The genius of children's literature is to sound a profound adult theme while entertaining the child. There is a monochromatic Goethe quote; it goes something like this: "There is strong shadow where there is bright light." In other words, while experiencing nature things may not exactly appear as they are; you must dream beyond the nearness. In more words, don't let the obvious cause gloom, look beyond for the good. The lesson: it is okay to eschew the shadow and consider the light.

*Every Color* is the pith of children's literature: saying what is simple, useful and entertaining.
